

Case Study

Name of Club	Kings Volleyball Club
Volley 123 Level Achieved	Volley 1
Website Address	Currently working on a new website.
Describe your club	We are mainly a junior club. We really struggle to maintain an adult section as the adults have little time to help out. We run 2 local league teams. We try to enter EVA competitions and SW competitions. We do have a large membership, but it can be tricky as it's spread from aged 10 to adult!
Why did you apply for Volley 123?	We want to be excellent. We believed that this is the future and if we do not go with it we will miss out.
How did you organise completing your application?	One officer took charge of the project; sitting down and coordinating all the paper work.
What was most difficult about working towards Volley 123?	It was a long process as it was difficult for our parent helpers to find free time for the meetings. Most of these parents are also not sports experts. By having one person in charge, we found it easier to succeed!
What have been the positives for your club of achieving Volley 123 and Clubmark?	Grant funding and the Set Up & Play Outdoor Equipment Franchise from Volleyball England.
Your top tip for clubs currently working towards Volley 123	Use examples from other clubs to complete your documents; no point reinventing the wheel!
What are your plans for the future?	To maintain our volley 1 status when the present one expires
Any other comments about Volley 123	Our banner, advertising our Volley 1 status is on the wall in our sports centre. It does cause remark and as a whole it does give the club a feel good factor.
