The Volleyball England National Cup is the major competition for both National League and Non-National League clubs.

The Senior KO Cup Finals are held at a joint venue and are one of the highlights of the volleyball year in England.

This competition has proven to be very popular and gives clubs from non- NVL and lower NVL divisions the opportunity to pit their wits against the Super 8 sides.

All National League teams are automatically offered entry into the competition. We now invite Non-National League teams to enter this prestigious event.

Non-National League sides will enter the first round with lower division National League teams. National League teams from the higher divisions will enter the Cup in incremental stages until the Super 8 teams join.

Losers in the main draw in the first and second round will be entered into the Shield Competition.

Conditions of Entry

1. Entry into the competition denotes acceptance of the Volleyball England Competitions Commission Regulations of the events. Any club or team defaulting in a cup match will be subject to sanction.

Non-NVL Teams should submit a list of players to be registered for the National KO Cup to competitions@volleyballengland.org, each player will need to provide some form of identification at each match, and this can be done using local league or regional league player cards, or another form of photo Id. Teams can add to their list of players, providing that it is done by the Friday before a match.
2. No player may participate in the semi-final or final of an event if they have not played in a previous round for the team, or who has not been registered with the club from the start of the season.
