<p>Inclusion at Key Stage 2:</p> <ul style="list-style-type: none"> In Key Stage 2 it is expected that young people with a disability will learn sport within a multi-skills environment. However, for the more able, inclusion based upon the STEP principle is recommended: Adapting Space, Time, Equipment, number of Players, and Rules. If these adaptations are made as required, disabled and non-disabled young people can play alongside each other. However, for some disabled young people the game of sitting volleyball may be more appropriate (see below).
