## Club Visibility

All registered clubs appear on the Volleyball England's [online club search](#)

This is an excellent tool for helping both new and existing members to find a club nearby to join and take part in our great sport.

The club finder enables VE to advertise your club name, venue location as well as your key contacts and a link to your club's website.

The screenshot shows the 'Club Finder' section of the Volleyball England website. At the top, there is a navigation bar with links: 'Get into Volleyball', 'Competitions', 'Performance', 'About Us', 'Membership', and 'Shop'. Below this is a banner image of a volleyball player with the text 'CLUB FINDER'. A breadcrumb trail reads 'YOU ARE HERE: HOME > CLUB FINDER'. The main content area is titled 'Find Clubs / Events' and includes a search box with 'LE11' entered, a dropdown menu for 'Any Type', and a '15 Results' indicator. A list of clubs is shown with their names and distances from the search location: Loughborough Students (0.2 Miles), Loughborough College (0.5 Miles), Melton Lions (1.0 Miles), Hermitage Volleyball Club (5.9 Miles), Brooksby Melton College (9.6 Miles), Leicester Athena (9.8 Miles), Nottingham Trent University (9.9 Miles), and De Montfort University Leics (10.2 Miles). To the right, a map titled 'Club Finder' shows the location of the search results with pins for 'Club Venue', 'Event Venue', and 'Big Weekend Event'. The map covers the area around Loughborough, Nottingham, and surrounding regions.

## Funding support

The HUB team at Volleyball England know that applying for funding for a club or project can seem daunting. That's why we have created the [Funding Support Guide](#) which will help you find who to apply to, put your grant application together and provide you with fundraising/sponsorship ideas.

**The HUB team have also provided clubs with:**

1. [Project Plan](#)- This document will help you organise and plan your bid. Use it alongside the funding support guide and flow chart.
2. [Flow Chart](#)- This is a step by step process of applying for funding and how we can help you.

### Funding success

Volleyball England were approached to provide support with a funding application for South Hants Falcons Volleyball Club by Junior Coach Ryan Gunner during the 2017-2018 season. The application was for a Sport England small grant of £6,450.

To read more of South Hants Falcons VC's success please visit the [Club Funding](#) page on the VE website.

## Competitions

Volleyball England provide a range of events that not only support the competitive performance playing structure for Volleyball but to also provide events for juniors and mass participation to enjoy one of the worlds most popular sports.

As a member your club will have access to official Volleyball England competitions and events. Volleyball England competitions and events generally run between September and May in line with the regular Volleyball season.

The latest Volleyball England competitions and events calendar can be found on the website by clicking on the [Competitions](#) tab.

## Annual Awards

The [Annual Awards](#) is a prestigious and long-standing date in the calendar that recognises those special individuals who go the extra mile to create a fantastic environment and experience for Volleyball in England from grassroots to NVL level.

As a member you are eligible for nominations for Volleyball England annual awards, including the category club of the year.

The winners of each category take centre stage each year at the National Cup Finals, where after being presented with their award in front of a packed crowd, they will play a key part in the medal ceremonies for the Men's and Women's Cup and Shield Finals.

Additionally, the NVL champions will be presented with their medals and trophies at the Super 8s Finals in May.

## **Starting a Volleyball Club**

When starting a Volleyball club, it's important to make sure that you have the right organisational structure in place and that your club is insured:

Volleyball England recommends that clubs:

- Create an effective club committee with a Chairperson, Secretary and Treasurer. Ideally these people should not be related to each other.
- Open a club bank account.
- Create a club constitution and a club mission statement.
- Create links with key partners in your community

*Supporting documents can be found in the Club Development section of the website under [Starting a Volleyball Club](#)*

## **Knowing Your Club and Community**

By being aware of your local community and their needs, your club will be able to make a more appealing offer and attract more members. To be a true community club, it's also important to be able to demonstrate to potential members that your club is open and accessible to all.

Member satisfaction is important for all Volleyball clubs, both to attract new members but also to retain those you already have. By actively seeking the views of your players, coaches, volunteers and parents/guardians, the club can gather information about how and where to make improvements or changes.

## **Club Management**

Club Management is about ensuring the smooth running of the club through organised club governance, administration and finances.

Strong club management is vital to ensure the smooth running of the club and to ensure sustainability in the future, both of club finances and player numbers. A good club management team also ensures that the club meets all its legal requirements, e.g. insurance and payments.

Volleyball England has created some useful downloadable templates that can be used to support you in creating vital documents such as a club handbook and an introductory letter to Parents.

## Action Plan

Putting a development plan together does not need to be a complicated task. In fact, the simpler, the better. Complicated plans can be difficult to follow and therefore hard to achieve.

Good plans are short and concise. They should be realistic and achievable and should be relevant to the needs of the club; it is much more sensible to have five realistic objectives rather than twenty-five which are not.

### Benefits of producing a club development plan are:

- It sets out clearly what the club wishes to achieve
- It keeps members informed of where the club is going
- It can help to recruit new members
- It is a good way of demonstrating the clubs commitment to improving its strength and structure
- It focuses activity on key areas, so that energy is not diluted across too many areas
- It is required by many local and national funding bodies to support applications for funding

*Supporting documents can be found in the Club Development section of the website under [Action Planning](#)*

## Safeguarding and Club Welfare

Young people are the future of our sport, they participate in Volleyball in various ways, from playing to volunteering and should be able to do so in a safe and happy environment.

Safeguarding means promoting the safety and welfare of young people. Safeguarding is a term used to incorporate good practice and is wider than “Child Protection”. Child protection is still an essential element of this policy and is about acting on concerns about a young person or individual.

No matter what your role is within your club you have a part to play in Safeguarding. However It is important to ensure you have an established point of contact for such matters in the form of a Club Welfare Officer.

*Supporting documents, such as the Safeguarding Incident Referral Form can be found in the Club Development section of the website under [Safeguarding and Club Welfare Officers](#)*
